New Phones Tell Growth Of Area

One way to measure the growth of the Glades and surrounding communities is by comparing the number of telephone directories to be delivered February 23, 1960 with the number distributed last time.

Some 5,000 new directories are going to homes and businesses. Southern Bell's Group Manager, Zeke O'Farrell, says this compares with about 4,500 delivered in March, 1959.

The new telephone directory has many new and changed listings. It is easily distinguished from the old green covered telephone book by its' new and modern design.

The classified section — yellow pages — contains listings for business telephone subscribers under alphabetical headings by their businesses or professions.

Mr. O'Farrell asks that the old directories be discarded . . . and the new one referred to when looking up telephone numbers. You should call "information" only when the number you want is not in the new directory.

He is survived by his wife, Little of Ft. Lauderdale; a son, C. R., Jr., of Pahokee; daughters, Mrs. Evelyn Dannelly of Ft. Lauderdale, and Mrs. Betty Jean Strawn of Rapid City, S. D.; a brother Rayford, of Glenview, Ga.; a sister, Mrs. Remmie Bennett, of Hahira, Ga.; two half brothers, a half sister and six grand children.

Methodists Plan Revival Feb. 29

Members of the Pahokee First Methodist Church have completed plans for a revival to be conducted Feb. 29-Mar. 6 by Dr. Joe Tolle of Miami assisted by the Rev. Damon Scott, song leader, who will be in charge of the special music. Dr. Tolle, pastor of the Trinity Methodist Church in Miami, was pastor of the Pahokee Church in the 1930's. While in Pahokee he will be the house guest of Mr. and Mrs. Duncan Padgett, and the Rev. Scott, the guest of Dr. and Mrs. L. W. Armstrong.

R. W. Sanders of Pahokee underwent surgery at St. Marys Hospital, West Palm Beach, the past week.

WEST PALM BEACH — Sen. Fred O. Dickinson kicked off his campaign for governor in West Palm Beach Wednesday night with the biggest political rally in Florida history.

An estimated 4,000 persons attended the outdoor rally at Flagler Park to hear the West Palm Beach lawmaker deliver his first official speech of the campaign. The half-hour talk was beamed via radio and television to millions of other persons around the state in live and taped broadcasts.

Dickinson supporters from all parts of Florida converged on the city in motorcars and chartered buses and planes. Many others arrived in private automobiles. Proceeding the rally, a gaily-decorated motorcade of more than 50 cars wound its way through West Palm Beach and nearby communities, finishing at the rally site. The two-hour rally was patterned after a miniature political convention.

Sections of grandstands were allocated to supporters from each of the 67 counties and each delegate.

They Win One! The Blue Devil Five

Tuesday night, Feb. 16, was a red letter date for the Pahokee Senior High Blue Devil basketball team as this was the night they finally won their first game of the season, downing Jupiter High, 58-51, after 19 consecutive defeats. Jerry Spires led the Blue Devils scoring with 17 points and Buddy Sanders' 14 points was second high.

It was a narrow squeak for the Blue Devils in their determined effort to avoid getting "skunked" in this season's play as they have only four more games on their schedule. Tonight they tangle with the Okeechobee Brahmins in the Pahokee gym. Saturday night they play Riviera Beach there. Next Tuesday night they travel to West Palm Beach for a game with the St. Ann Crusaders, then on next Friday night they will wind up their season, except for tournament play, in a contest with Forest Hills High, this game also to be played in West Palm Beach.

Jimmy Milligan For Committeeman

James "Jimmy" Milligan, of Orlando, announces his candidacy for Democratic National Committeeman from Florida. Milligan in making his announcement stated, "the position he seeks offers no

salary or monetary remuneration, but does offer a tremendous opportunity for continued public service in the interest of a more unified harmonious party relation, or more deserved recognition to Florida."

Milligan said, "he has been a lifelong democrat and had dedicated all his adult life working in the interest of better government, as well as building a more patriotic efficient democratic party, which will warrant the respect, confidence and support of the democratic citizens in our great state."

Milligan began his political career in Orlando when he joined with a group of young men in organizing The Young Democratic nominees, when Al Smith ran for president of the Orlando and Florida Junior Chambers of Commerce and was awarded a life membership in both civic organizations. He has also served as local and southeastern president of the Hotel Greeters of America. In 1957 Milligan was elected president of the Florida Hotel Association and is now a life member of this association. Milligan served some four years in the armed forces during World War II. He spent more than two and a half years overseas. He was awarded the Bronze Star, the Commendation Medal and the Unit Citation. Milligan, a Methodist, is married and he and his wife have four children, two daughters and two sons.

Milligan served as chairman of the Orange County Democratic Executive Committee for more than 25 years, before being elected chairman of the State Democratic Executive Committee of Florida. For the past 15 years Milligan has been active in the democratic party on the national level and attended the last three democratic national conventions, along with numerous national caucuses. Milligan stated, "with the many

friends he has made within the ranks of the democratic party throughout the nation and our possessions, he feels he is in an enviable position to work with these democratic friends in other states to build a stronger, more effective party, and at the same time to bring proper recognition to the state of Florida, who in too many instances in the past, have been overlooked or by-passed.

Want Law Requiring Youths Under 18 To Pass Driver Course

DAYTONA BEACH—Hope has been expressed that the 1961 Florida Legislature will enact a Michigan type law requiring youths under 18 to pass a driver education course before being licensed.

A plea for public support of the proposal came from Marvin L. Holloway, president of the Peninsula Motor Club (AAA), who also serves as chairman of the driver education subcommittee of the Citizens Advisory Committee on Highway Safety. He was here attending a driver education working conference in Daytona Beach sponsored by the State Board of Education.

The motor club has formally endorsed the measure which was one of the planks in the 1959 legislative program of the Florida Conference of AAA Motor Clubs.

The subcommittee of the Citizens Committee on Highway Safety at a meeting in Miami in January likewise favored passage of the law.

Holloway released new figures compiled by the AAA which indicate that nationwide more than 4,000 lives of youth have been saved in the last 25 years through high school education courses.

Holloway said if Florida requires driver education as a prerequisite for drivers' licenses for youths under 18, that the education program would have to be expanded and that the state would have to find some means of financing the expansion.

Several members of Pahokee Chapter 184, Order of Eastern Star, attended the meeting during which Mrs. Perla Rogers of Pensacola, worthy grand matron of the Florida OES Grand Chapter, paid an official visit to the Okeechobee OES Chapter 128. Camels, Look to Your Laurels—

There's a Long Dry Spell Ahead

Joan Roberts drew a puzzled expression from Sheba, a Bactrian (two humps) camel, when she pointed to the Corvair aluminum engine as the undisputed champion of machine or beast operating forever without water. Sheba, though passive,

was content to relinquish the camel's historic endurance laurels to the new compact car's rear-installed air-cooled engine, which never needs water. At any rate, the camel can hold the "no water" record until 1959 BC (before Corvair).

Dick Ervin Will Seek Re-election As Attorney General

Richard William Ervin, 28th Attorney General of the State of Florida, is a native Floridian and was borne January 26, 1905. During his early years, he attended school in Citrus, DeSota, Leon, Orange and Marion counties—the number of different schools being occasioned by his father's progress in his profession as school teacher and principal. His mother is the former Carrie Phillips, a member of the pioneer Phillips family, of Marion County. Today he is announcing for re-election. His announcement follows:

"I am seeking re-election as Florida's Attorney General. I pledge continuation of honest and forthright discharge of my public duties. As a Cabinet member, I have fully recognized and demonstrated my responsibility to push for broad, sound policies which will keep our state modern and progressive and give our citizens truly representative government."

"I will continue to fight to protect public rights, to eliminate bureaucracy and wastefulness, and to keep public business in the open. I will carry on my work of revising legal procedures which will provide our citizens the very best schools, roads, health and recreation that can be obtained within our means. I will maintain my record of cooperation with counties and cities in their efforts to find legal means to realize their hopes in hundreds of public projects. I have helped to work out a number of legal solutions which made it possible for many of our communities to unravel legal problems and to avoid turmoil and crises. I have sponsored measures which have helped curtail frauds and rackets. I will continue my best efforts to suppress organized crime and to protect our citizens from corruptive elements. As President of the National Association of Attorneys General, I will continue to work to maintain for the states their historic powers, believing that a Federal system with strong state and local governments helps insure truly democratic government."

"I am sincerely grateful for the confidence the good people of my state have reposed in me and I shall always strive to retain that confidence."

Mr. and Mrs. Edward A. Jensen had as guests Mr. and Mrs. Frank Burham, of Maryland; Mr. and Mrs. Carl Sundak, Webster, N. Dak.; and Mr. and Mrs. Robert Garron, Cedar Rapids, Ohio.

Gasparilla Draws Usual Big Crowd

TAMPA—Upwards of 600,000 viewers roared approval recently when Gasparilla's pirate Krewe captured and captivated Tampa. It was another glorious victory for 350 Tampa businessmen who turn pirate for a day and annually turn Tampa into the site of a week of parades, balls, and other festive occasions.

Tampa's Mayor Julian Lane turned over the keys of the city to the captain of the invading Ye Mystic Krewe of Gasparilla as thousands heard the promise that the people would be spared if they cooperated with the "cutthroat band." The annual parade then began featuring 60 floats and .30 bands, rivaling any parade staged in America.

Following the invasion and parade activities continued at the Florida State Fair, the nation's largest winter exposition. Dale Robertson, star of NBC-TV "Tales of Wells Fargo," entertained the grandstand crowd and exhibits depicting life in Florida were crowded with happy visitors from all 50 states.

The 46th renewal of Gasparilla Day was a record-breaker in many ways and it will be several days before the members of the Krewe can settle down to becoming staid businessmen once again.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.57 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,860.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 30% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

net duties and strict enforcement of department regulations were major planks in his platform that was made public when he filed.
Hancock said that in the race he is entering, the voters of Florida are faced with the decision of electing a fully qualified man or permitting a professional political clique to control the office, using it for political patronage purposes and to dominate the state cabinet.

The candidate said he will conduct a vigorous campaign and will discuss the issues with voters in all sections of the state.

gation waved banners denoting its home county. Banners, bunting, flags and election signs decorated the park. West Palm Beach High School's national award-winning band played martial music and state songs during the rally.

Dickinson outlined ambitious platform to Florida voters during his kickoff speech. The platform puts heavy emphasis on long-range planning to build roads, waterways and schools. It also calls for fair reapportionment of the Legislature and streamlining of Florida's cumbersome state government, including a new Constitution and elimination of duplication in boards, bureaus and commissions.

The speech was televised live by stations WPST, Miami; WEAT, West Palm Beach; WTVT-TV, Tampa; WFTS-TV, St. Petersburg; and WLOP-TV, Orlando. It was taped for later use on WINK, Fort Myers; WEAR, Pensacola; and WJIM, Panama City.

Radio stations carrying the broadcast were WCKR, Miami; WEAT, West Palm Beach; WDAE, Tampa; WSUN, St. Petersburg; WHOO, Orlando; and WJAX, Jacksonville. Dickinson, 37, was elected to the House of Representatives in 1954. He moved up to the Senate in 1956 and was re-elected in 1958. He never has lost an election to public office.

Camporee Success Despite Weather

Despite the wind and rain the Camporee at Taylor Creek was a huge success. There were boys from Indiantown, Okeechobee, Pahokee, Lake Harbor and two troops from Belle Glade making up the camporee.

On Saturday night there was a camp fire program with R. Lewis of Belle Glade acting as master of ceremonies, and each troop participating.

The president of the Gulf Stream Council, Tommy Reed and Paul Luce, the director from West Palm Beach were present.

Scoutmasters Louis Mims and Ed Carver with committeeman Robert Simonson accompanied our boys.

On Sunday morning the Belle Glade Troop presented the flag raising program and the Episcopal pastor from Okeechobee came out and conducted services for the boys.

All reported it was a very good camping trip.

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizontal visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brass" — can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions — all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.
